- [How to Calculate Maximum Loan Amounts – By Business Type](#)

Assistance for Small Businesses

Paycheck Protection Program (PPP): The Paycheck Protection Program is providing small businesses with the resources they need to maintain their payroll, hire back employees who may have been laid off, and cover applicable overhead. On June 6, the President signed legislation providing more flexibility and relief for small businesses including extending the covered period for loan forgiveness from 8 weeks after the date of loan disbursement to 24 weeks and lowering the requirements that 75% of a borrower's loan proceeds must be used for payroll costs to 60%.

- Deadline for Support: Small businesses must apply with a lender to be eligible for funding by June 30, 2020. SBA has approximately \$100 billion available for relief.
