On June 5, 2020, President Trump signed the Paycheck Protection Program Flexibility Act which will help restaurants, hotels, and other small businesses by lowering the amount required to spend on payroll from 75 percent to 60 percent in order to qualify for full loan forgiveness. Additional flexibility will ensure small businesses can keep their doors open and keep more hard-working Americans employed. SBA and Treasury also released additional guidance on the Paycheck Protection Program today:

- **Interim Final Rule - Eligibility of Certain Telephone Cooperatives**

Additionally, President Trump visited Puritan Medical Products in Guilford, Maine to thank employees, give remarks, and tour the facility that is making coronavirus test swabs.
