*The substantial increase in CDBG funding for FY22 was driven nearly entirely by the return, after a 10-year absence, of \$1.5 billion for the Economic Development Initiative for the purpose of funding Community Projects/Congressionally Directed Spending (earmarks).

**The spending proposals disaggregate spending for the public housing capital and operating accounts. Funding to support operating costs includes formula funding and additional resources to be made available based on need. Funding to address capital costs includes formula funding, emergency capital needs, resources to address lead-based hazards, and other funding priorities.

[^]Of the amounts provided, \$2.65 billion is provided in a disaster supplemental for tenant based rental assistance in a separate section of the bill.

^{^^}Of the amounts provided, \$969 million is provided in a disaster supplemental for project-based rental assistance in a separate section of the bill.
