Community Facility Guarantees	650	650	650	650	650	

\* A full-year [continuing resolution](#) (CR), signed into law on March 15, 2025, funds the federal government through September 30, the end of fiscal year 2025. The CR provides flexibility for USDA to move funds among Rural Development programs to make their funding levels as near as possible to the levels in FY24, and specifically instructs the department to transfer \$34 million from other RD programs to Section 521 Rental Assistance. The CR instructs agencies to submit plans to Congress by late April showing how they will divide their appropriated funds among programs, but USDA's plan seems not to be publicly available. This table assumes that all programs have the same funding in FY25 as in FY24, although that may not be the case.

\*\* These columns will be filled in as the FY26 funding process progresses.

\*\*\* The bill would provide \$20 million for Section 504 grants and Section 533 grants combined.

\*\*\*\* The Community Facilities grants program would be used to provide \$467 million for Community Project Funding (earmarks) requested by House members. The House Committee's [report](#) contains a list of the specific projects included.

**July 2025**
